For Printing of Avery 5163

Kerosene [Flash point > 60°C (140°F) and ≤ 93°C (199.4°F)]

DANGER

May be fatal if swallowed and enters airways. Combustible liquid and vapor. Causes skin irritation. May cause drowsiness or dizziness.

PREVENTION

Keep away from heat, sparks, and open flames. — No smoking. Keep container tightly closed.

Avoid breathing vapors. Wash hands and any other contaminated skin thoroughly after handling. Wear protective gloves and eye protection. Use only outdoors or in a well-ventilated area.

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood.

RESPONSE

If swallowed: Immediately call a poison center or doctor. Do NOT induce vomiting.

If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with plenty of soap and water/shower. Wash contaminated clothing before reuse. If skin irritation occurs: Get medical attention.

If inhaled: Remove person to fresh air and keep comfortable for breathing. Get medical attention if you feel unwell.

In case of fire: Use foam, water spray or fog. Dry chemical, carbon dioxide or sand may be used for small fires only. Do NOT use water in a jet.
